

Heaven

Lady Saw

Heaven, beautiful heaven
Heaven, I want to get to heaven

There's a place where I dear call heaven
That my God has prepared for me
A beautiful place where I've been call heaven
And my God say I can live rent free

Do you know what it takes to get to that place
How I would feel when I see my God's face
I would run into his warm embrace
Oh I can't wait to walk thru heaven's gate
Oh I can't wait to walk thru heaven's gate

Tell my landlord I don't need this place no more
Call my neighbour who has been sleeping on the floor
In heaven it doesn't matter if you are the rich or poor
Cause in heaven there are Mansons galore

There's a place where I dear call heaven
That my God has prepared for me
A beautiful place where I've been call heaven
And my God say I can live rent free

Do you know what it takes to get to that place
How I would feel when I see my God's face
I would run into his warm embrace
Oh I can't wait to walk thru heaven's gate
Oh I can't wait to walk thru heaven's gate

In heaven there's no war only love
Beyond the stars there's no need for money and cars
Only God will judge us all
No heartache no deceased
No grudge, No heatered, no greed
You can get there if you believe

There's a place where I dear call heaven
That my God has prepared for me
A beautiful place where I've been call heaven
And my God say I can live rent free

Do you know what it takes to get to that place
How I would feel when I see my God's face
I would run into his warm embrace
Oh I can't wait to walk thru heaven's gate
Oh I can't wait to walk thru heaven's gate

Heaven, beautiful heave
Talking about heaven
I want to get to heaven
