

Caught Up

Lady Wray

I am so caught up
Because no other love ain't good enough
I'd rather spend all my time with you
No one can do it like you do baby
Don't stop your love, don't stop your love

Been in love
Yes I know the true meaning of, feels like May
Never did I want to be free
Close my eyes, fell into his arms again
By surprise, can't nobody do it like him

I am so caught up
Because no other love ain't good enough
I'd rather spend all my time with you
No one can do it like you do baby
Don't stop your love, don't stop your love

Don't know how, got my mind in a daze
Silly me, wonder if he feels the same
Loving me, he's cool as a summer breeze
All the girls, know he's the one

I am so caught up
Because no other love ain't good enough
I'd rather spend all my time with you
No one can do it like you do baby
Don't stop your love, don't stop your love
