

Cloud 9

Lady Wray

Feel the melody, let yourself go
Ride with me, in your control
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine
Me and Mary Jane, me and Mary Jane cloud nine
Keep on blazin' the night away
We ain't goin' home, we gonna stay
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine
Me and Mary Jane, me and Mary Jane cloud nine

Moonlight on my face
One million roses from my [?]
The night is still young
Let's just have fun

Feels like boogie nights, disco light
Everybody moving it feels so right
You ready to get your diamond shinin' so bright
And they can drop the top down tonight

Feel the melody, let yourself go
Ride with me, in your control
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine
Me and Mary Jane, me and Mary Jane cloud nine
Keep on blazin' the night away
We ain't goin' home, we gonna stay
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine
Me and Mary Jane, me and Mary Jane cloud nine

Let yourself feel free
Got nothin' but space and time
No more stress in your mind
Lay back and unwind

Livin' the good life, don't stop tonight
People keep it movin, go and dance tonight
You ready to get your diamond shinin' so bright
And they can drop the top down tonight

Feel the melody, let yourself go
Ride with me, in your control
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine
Me and Mary Jane, me and Mary Jane cloud nine
Keep on blazin' the night away
We ain't goin' home, we gonna stay
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine

Me and Mary Jane, me and Mary Jane cloud nine

Feelin' good, stress no more
Work all the way, the night is yours
Toast today, feelin' free
Dress so clean, rubberbands and grands
Feel so good

Feel the melody, let yourself go
Ride with me, in your control
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine
Me and Mary Jane, me and Mary Jane cloud nine
Keep on blazin' the night away
We ain't goin' home, we gonna stay
Feel so good tonight
Feel so good, feel so good tonight
Me and Mary Jane cloud nine
Me and Mary Jane, me and Mary Jane cloud nine
