

Come On In

Lady Wray

What you want
You can have
Put your heart
In my hand
I've been waiting (I've been waiting)
For the right man

We've come too far by faith
We've come too far by faith
Come on in
Come on in
Come on in
Come on in

Baby, come into my life
We don't have a lot of time
Hoping we can get it right
I can turn your dark to light
Come on in
Mmm

You can dream
Dream in color (Color)
Don't you listen
To the naysayers
Set the bar (You set the bar)
High as a tower

We've come too far by faith
We've come too far by faith
Come on in

Stay there, I'll find you where you are
I know that it's written in the stars

Come on in
Come on in
Come on in
Come on in

Baby, come into my life
We don't have a lot of time
Hoping we can get it right (Get it right)
I can turn your dark to light

Come on in
Come on in
Come on in
Come on in
Come on in

Waiting for you
So won't you come on in?
Come on, a-come on
A-come on, a-come on
A-come on
Come on in (Come on in)

I want you to come on in
I've been waiting for you, baby
Come on in
Now come on, a-come on
A-come on, come on in
