

# Destination

Lady Wray

Oh, you know how hard I cry  
Every day I wear makeup  
Oh, time seems so long  
The dom isn't hot  
When I keep to myself  
Ain't no stopping me

I'll be grindin' all night  
Til' the early light  
Moving and floating  
I'll be grindin' all night  
Til' the early light  
And I'll be floating

Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya

Baby boy I know there some things you wanna do  
Don't move fast they watchin' you  
And if you need me to be there to be by your side  
We'll run the race sometime  
That's when I get my mind set  
There ain't no stopping me

I'll be grindin' all night  
Til' the early light  
Moving and floating  
I'll be grindin' all night  
Til' the early light  
And I'll be floating

Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya (Just move on up!)  
Ooh, ooh (Toward your destination)  
Let me see ya, let me see ya
