

## Dice Roll

Lady Wray

Dice roll, every day struggle, lights low  
[?] on they hustle, night stroll  
Doing what they want 'cause it's lethal, lethal  
Ice cold, couple of these killers you might know  
Pocket full of skrilla and nice blow  
Middle of the summer, it might snow, might snow

Doing what I gotta do is all that I know  
I'm out here all day even if it's real slow  
This shit ain't for show, if you ain't know  
America might know, I'm from the ghetto

Hard times, put you in the bank

What you gonna do, 1-life pass you by  
We gotta survive in this jungle, it's a hustle  
You're a winner, don't forget that we are both sinner  
No, it's not our fault 'cause it's in us  
Throwing up our hand 'cause it feels good  
Yes, we live good

Doing what I gotta do is all that I know  
I'm out here all day even if it's real slow  
This shit ain't for show, if you ain't know  
America might know, I'm from the ghetto
