

# I Do

Lady Wray

Baby, why you tryna leave?  
You're always somewhere, but you're not with me  
I thought we'd last the test of time  
All the years you had of mine  
Together, we could fly so high  
I want you right here by my side  
All we need is love to lift each other

(Nothing can trouble these waters)  
Baby, I do  
(Nothing can trouble these waters)  
Mighty high, mighty low  
(Nothing can trouble these waters)  
Baby, I do  
(Nothing can trouble these waters)  
Mighty high, mighty low

I do, I do, I do

The pressure makes me wanna leave  
Tryna get the things we need  
I hope I got enough for money  
So you ain't looking at me funny  
I love you right here and now  
There's no way you should have a doubt  
All we need is love to lift each other

(Nothing can trouble these waters)  
Baby, I do  
(Nothing can trouble these waters)  
Mighty high, mighty low  
(Nothing can trouble these waters)  
Baby, I do  
(Nothing can trouble these waters)

I do, I do, I do
