

Make Me Over

Lady Wray

I spent all my money
I'm home looking bummy, yeah
Will you help me, honey?
I wanna go out with some friends
I need some ends

I've always been independent
But right now, I need you to do this for me

Just make me over
Make me over
Make me over

It's been fifty twenty, yeah
So glad you're still with me
I don't want to be alone
No dollars in the bank
Hold my hand or I'll sink

When I get my paycheck
I promise to do something nice
But for now, oh

Just make me over
Make me over
Make me over

I need a little bit of spending money
I trust in you

Make me over (Make me over)
Make me over (Make me over)
Make me over
Yeah, yeah, yeah
