

# Miserable People

Lady Wray

Misery loves company, why  
Misery loves company, why  
I don't need in my life  
Miserable people loves company

[?] coming, all I heard was mumbling  
As I start getting closer, I feel the hate moving stronger  
If you can't do no better why you talking?  
You playing yourself, I thought that I mention  
I know you really wanna shut me down  
By the grace of God I'm still around, oh yeah

Misery loves company, why  
Misery loves company, why  
I don't need in my life  
Miserable people loves company

I know I ain't the only one they hurt  
So sick and tired I have to speak about it  
Been running through my mind half the time  
Won't be involved, just put it off  
Now I don't let it get the best of me  
Cause I don't like the kind of company  
Cause all they wanna do is pull me down  
Talk, talk when I'm not around  
Take my name, drag it in the dirt  
Before you know someone's feelings hurt  
When it comes back around and hit you, you better duck  
You're stuck, your time is up

Misery loves company, why  
Misery loves company, why  
I don't need in my life  
Miserable people loves company

See it's not okay, it's no simple life  
Why things so crazy, can't we make it right  
[?] we need more love, more smiles today  
To make the world go round

Misery loves company, why
