

## Storms

Lady Wray

You need to know, yeah  
That I am not playing games with your heart  
Told you before, yeah  
Trust me, we can get through anything

Take all my love, won't you take it now?  
Giving it to you freely  
Take all my love, won't you take it now?  
Giving it to you freely  
I can feel it, let it take you  
There's so many reasons  
I believe in you and baby  
Let it take us far, even through storms

Oh, ooh  
Oh, ooh, yeah  
Ooh, yeah

Baby, you're mine, yeah, yeah  
Not worried 'bout when you're not with me  
So take all the time, yeah  
I'll be here waiting patiently, yeah, whoa

Take all my love (Take all my love)  
Won't you take it now? (Take it now)  
Giving it to you freely, yeah  
Take all my love (Won't you take all my love?)  
Won't you take it now? (Hey, take it now)  
Giving it to you freely  
Can't you feel it? Let it take you  
There's so many reasons  
I believe in you and baby  
Let it take us far, even through storms

Oh, ooh, oh  
Oh, oh, oh  
Yeah, yeah
