

# Work For It

Lady Zamar

Last night  
I lost my pride  
As I texted you come over baby  
But this time  
I promise I won't cry  
'Cause you do me dirty anyway

And you took me there  
You took what I gave  
You took what I decided  
Was the holy grail  
You took when I came  
Innocent and ashamed  
Now you live rent free inside my head

You gotta work for it  
Work for it  
A 9 to 5  
Take me out every night  
You gotta work for it  
Work for it  
Like a 9 to 5  
Vacations all the time  
You gotta work for it  
Work for it  
A 9 to 5  
Send flowers all the time  
You gotta work for it  
Work for it  
It's a 9 to 5  
We'll fight it out at night

It's okay  
'Cause this way  
I told you that I won't be staying  
It's your play  
My disdain  
Your words find ways inside my brain

And you took me there  
You took what I gave  
You took what I decided  
Was the holy grail  
You took when I came  
Innocent and ashamed  
Now you live rent free inside my head

You gotta work for it  
Work for it  
A 9 to 5  
Take me out every night  
You gotta work for it  
Work for it  
Like a 9 to 5  
Vacations all the time  
You gotta work for it  
Work for it

A 9 to 5  
Send flowers all the time  
You gotta work for it  
Work for it  
It's a 9 to 5  
We'll fight it out at night

You gotta work work work  
Work work work  
W-O-R-K-K-K-K  
You gotta work work work  
Work work work  
W-O-R-K-K-K-K

You gotta work for it  
Work for it  
A 9 to 5  
Take me out every night  
You gotta work for it  
Work for it  
Like a 9 to 5  
Vacations all the time  
You gotta work for it  
Work for it  
A 9 to 5  
Send flowers all the time  
You gotta work for it  
Work for it  
It's a 9 to 5  
We'll fight it out at night  
Kind Regards
