

## Vaccine

Ladyhawke

In my bed I dream at night  
By the man who couldn't see  
You took my hand and held it tight  
You said: "what will people think of me?"

Sit tight, one or the other will win  
Cool hand, no time for leaving, we're in  
I think I'm dreaming  
What will people think of me?

You will be my vaccine yea  
And I'll be your in-betweener  
We'll wake of happy air  
From all our dreams, all our dreams (2x)

Counting sheep past 2 AM  
Hoping you will comfort me  
But still with sits and waits  
To say: "what will people think of me?"

Sit tight, one or the other will win  
Cool hand, no time for leaving, we're in  
I think I'm dreaming  
What will people think of me?

You will be my vaccine yea  
And I'll be your in-betweener  
We'll wake of happy air  
From all our dreams, all our dreams (2x)

Sit tight, one or the other will win  
Cool hand, no time for leaving, we're in  
I think I'm dreaming  
What will people think of me?

You will be my vaccine yea  
And I'll be your in-betweener  
We'll wake of happy air  
From all our dreams, all our dreams (2x)

From all our dreams, all our dreams (4x)
