

Until the Fire

Ladytron

Until the fire turns to desire
Until the fight becomes daylight

Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
Oh, we hang on the wire, and the walls get higher
Just until the fire catches them

Until the fire turns to desire
Until the fight becomes daylight
Phantom soldier, no surrender, of your splendour

Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
Oh, we hang on the wire, and the walls get higher
Just until the fire catches them

Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
Oh, we hang on the wire, and the walls get higher
Just until the fire catches them
