

You've Changed

Ladytron

You've changed, what were you thinking?
You've changed

Girl buys a dress
So bored
Repetitive, your greed
A confidante all gone
So take a bow
Too far

So now you're a mess, oh no!
Come take me on, you'll lose
It's your happiness, but what's real?
I'll make you sorry, oh yeah!

You've changed, what were you thinking?
You've changed
