## Today

Lagwagon

As you expect here as the keys So come and go as you please What's mine seems to be yours Welcome to my drawers

Today I heard them say a funny thing They were happy you were clean You were headed for success in the mountains of excess

Today you fail them Tomorrow more Maybe I'll lend you some more cash Don't have to play it back I can depend on you Dependent on everyone Why am I guilty of my bending back Over to breaking The object of some desire

Too late Too late Today I'm saving you

I must have finished my last care with that beer With some ideal I might win while losing That's some mentality I have to finish talking I'm finished talking

Today I heard a funny thing They were happy you were clean And you won't be looking back to the one that helped you pack
