Bitter X it must feel better Holding that grudge It's a feeling so familiar Not unlike love

Unrequited she's scarred in hatred Yesterday's moving It's easier to locate A better nest

Tell them you never lived in such a mess Emily at her best in black Reminds them all to stand back At a distance they won't notice the act

All that she lacks You can see up close she's bitter Remembering wasted dinners Can't expect the creep to stay long

But he's not the one who pissed her off Today is denial It's easier if she won't See him again

He's just another trip best forgotten Emily may be odd But she always gets even It's not unlike love

Emily will find him again short-term boyfriend
Emily, you'll always be alone
Tomorrow is heartbreak
Tomorrow is heartbreak
