

# Highway of Love

Laid Back

So many times driving on the highway of love  
I've been looking for a place in the sun  
But I was looking for a heartache to come

So many nights dreaming on a rainbow of love  
When I wake up in the morning, just to find out it's gone  
I'm waiting for the night to come on  
Standing in the shadow of love

I've been looking for an easy way out  
Ending up standing in the dark  
So many nights, so many times  
Thinkin' of you

Too many feelings, too much of emotion  
Is turning love upside down  
Love is always turning around

So many nights, so many times  
Thinkin' of you  
Too many feelings, too much of emotion  
Is turning love upside down  
Love is always turning around

Driving on a carousel of love  
Riding on a carousel of love

So many nights, so many times  
Thinking of you  
Thinking of you  
Love is always turning around  
Love is always turning around
