

Impression

Laid Back

I need words, to make it
People need love, to take it
Just to know, you love me
Makes me feel, don't disappear

In advance, my [?]
I should stay, they wouldn't let me go
Your time will come, do you know
Time will show

Impression
Super impression
Impression
You make a super impression

I need love, to make it
People need love, to take it
Just to know, you love me
Makes me feel, don't disappear

Impression
Super impression
Impression
You make a super impression

Impression
Super impression
Impression, impression
You make a super impression
Yeah, super impression

Impression, yeah
You make a super impression, impression
Impression, impression
You make a super impression
