

People

Laid Back

People around the world
Share the same feelings
Black boy, white girl

People don't close your eyes
Only love can save the world
And make us survive

It's your life (It's your life)
It's your life (It's your life)
It's your life (It's your life)
It's your life (It's your life)
It's your life

People, around the world
Share the same fashion, for diamonds and pearls
Yeah, people, (people) don't close your eyes
(People don't close your eyes)
Only love can save the world
And make us survive
(Only love can make us survive)

I got to realize (Got to realize)
Got to realize (Got to realize)
Got to realize (Got to realize)
Got to realize (Got to realize)
Got to realize (Got to realize)

People are people
People are people
People are people (Yes, people are people)
So different
People are people (People)
People aren't the same
