

White Man

Laid Back

Yeah!

Why do you keep making trouble in paradise?

Why do you keep making trouble?

It could be so nice

It could be so nice

Tell me, why do you keep making trouble in paradise?

Why do you keep making trouble?

It could be so nice

It could be so nice

White man, black soul

White man, black soul

White man, black soul

White man, black soul

It could be so nice, it could be so fun

It could be so easy without you on my mind

White man, black soul

White man, black soul

White man, black soul

White man, black soul

Why do you keep making trouble?

It could be so nice

Why do you keep making trouble?

It could be so nice
