

Like That!

Laila!

I just, I wanna be here forever
I'm home

They call me Ode 'cause I got ADHD
Stevier than Lacy, wavier than waves be
Been dashed like Stacy, been founded that shit like Macy's
Crazy, they could never faze me
If you tried then you lied, I'ma be alright, I

Tilt it and turned it, work hard, then I earn it
You listen and learn it, you light it and burn it
They fighting, they corny, they boring, they snoring
Shoot then I'm scoring, Spalding, I'm sporting
They shaking and quaking, cook ease, Easy-Baking
Like shoveling and raking, the duffel got statements
Far not adjacent, you piggy like bacon
Hit stizzy real quickie, get low like the basement

Do you want me? (Want me)
Do you wanna love me like that? (Like that)
L-like that?
Do you want me? (W-want me)
Do you wanna want me like that? (Want me)
Like that?
Do you want me? (I wanna)
Do you wanna love me like that? (I wanna, so bad)
Like that? (So bad)
Do you want me? (I wanna)
Do you wanna want me like that? (I wanna, so bad)
Like that? (So bad)

Wanna love me like that
I wanna love you so bad (Like that)
Wanna love me like that
Do you wanna love me that? (Like that)
Wanna love me like that
I wanna love you so bad (Yeah, like that)
Do you wanna, wanna?
Yeah, like that

It be so bad, things be moving so fast (Moving so fast)
Watch my soul cast, I hope that this thing last (Hope that it lasts)
If it don't work, even though I'll be hurt
Nothing is forever, you know
Times gon' change, and our lives do change
Gotta slow our pace (Time and space)
You just gotta know that I can't erase (You just gotta know)
The way I'm feeling for you, you just do it

Like that, like that (You just do it like, oh)
You just do it like that (Like that)
You just do it like, you just do it like (Like that)
Like that (Do you want me?)
Like that (Do you want me?)
You just do it like that (Like that)
Oh (Like that)
