

R U Down?

Laila!

Were we in love?
That's really what I wanna know
Tell me what is
It gonna take for you to let your feeling show
I'm not that mean
I just mean what I say, you know that (Though)
Sometimes I don't
I'm just a girl and I don't know what I'm feeling

So you know
Oh, you know
That I'd be down
I wanna know
Would you be down? (Yeah)
I wanna know
Would you be down? (Would you be down?)
Tell me if you're down

Diggin' what I think of you (Of you)
I'm fallin' in love (Love)
How I love to sing about it
What are you thinkin' of?
Just another funny story
Boy, am I in love
Let me know if
You'd be down to talk

I wanna know if there
Is somethin' that we could do
Wrote you 'bout a thousand letters
That I'll never send (I'll never send)
If there's an instance that
I would ever cross your mind
Just know I won't decline (I won't)
Givin' you all my time

Let you know
That I'd be down
I wanna know
Would you be down?
Can you feel it how I feel it?
Yeah (Would you be down?), my pleadin' heart
My pleadin' heart (Down with me?)
Are you down?
Down, baby
Down
Are you down? (Oh, no)
