

For A Girl

Laine Hardy

Be layin' on the floor
Bought a pun shot guitar
New wheels on my car
New week on my own
For a girl

I miss Topan in day
Let the buck get away
I couldn't watch the Tigers play
But I saved my Saturday

For a girl
With her arms around her knees
Sittin' on the front steps
Waitin' on me
Pretty favorite save my new routine
I spend all my time alone my money
Never thought I'd be somebody
To slide some things aside of me
Some room in my crazy world
For a girl

I could dip but I won't
I could party all night long
I'd tell the boys, "go home"
I even wrote a little song
About a good old boy gone

For a girl
With her arms around her knees
Sittin' on the front steps
Waitin' on me
Pretty sane baby save my new routine
I spend all my time alone my money
Never thought I'd be somebody
To slide some things aside of me
Some room in my crazy world
For a girl
Yeah for a girl

For a girl
With her arms around her knees
Sittin' on the front steps
Waitin' on me
Through this thing I bare save my new routine
I spend all my time alone my money
Never thought I'd be somebody
To slide some things aside of me
Some room in my crazy world
For a girl

Yeah, for a girl
