

Bright Side

Lainey Wilson

Hey, girl, you got out without a scratch
You coulda been facedown with a knife in your back
Packed it up right in time
You coulda been his Jane, his fool, or worse, his wife
So keep drivin', keep ridin'
All you need's four wheels, gas, and the horizon

Look on the bright side, you got out of it
You came in too hot but don't you worry 'bout it
You got hurt from it, but you learn from it
Don't stop 'til you hit the sunrise
Look on the bright side
Yeah, yeah
Yeah, yeah
Look on the bright side
Yeah, yeah
Yeah, yeah

I know it's running through your mind
Their lips, that dress he's fall for this time
Better hold on off your shoulder
Girl, listen to what I told ya
And keep drivin', keep ridin'
Girl, you'll have a perfect time

And look on the bright side, you got out of it
You came in too hot but don't you worry 'bout it
You got hurt from it, but you learn from it
Don't stop 'til you hit the sunrise
Look on the bright side
Yeah, yeah
Yeah, yeah
Look on the bright side
Yeah, yeah
Yeah, yeah

It's gonna be alright
If you keep on drivin', gotta keep on ridin'
You're gonna see the sunrise
If you keep on drivin', gotta keep on ridin'
It's gonna be alright
If you keep on drivin', gotta keep on ridin'
You're gonna see the sunrise
If you keep on drivin'

Look on the bright side, you got out of it
You came in too hot but don't you worry 'bout it
You got hurt from it, but you learn from it
Don't stop 'til you hit the sunrise
Look on the bright side
Yeah, yeah
Yeah, yeah
Look on the bright side
Yeah, yeah
Yeah, yeah

It's gonna be alright

If you keep on drivin', gotta keep on ridin'
You're gonna see the sunrise
If you keep on drivin', gotta keep on ridin'
(Look on the bright side)
It's gonna be alright
If you keep on drivin', gotta keep on ridin'
(Look on the bright side)
You're gonna see the sunrise
If you keep on drivin'
