

LA

Lainey Wilson

My name ain't on every list
But they say I'm where the party is
I drive a Beamer through the mud
Well, I'm kind of redneck Hollywood

When you say LA, I think Louisiana
Lower Alabama, stars up in the sky
And I ain't been to California
Way too far from Georgia
But one day I might

Bet there's more of us around
From a different name, same small town
Gucci lace can dress it up
But country is as country does

When you say LA, I think Louisiana
Lower Alabama, stars up in the sky
And I ain't been to California
Way too far from Georgia
But one day I might

Dom Pérignon in Dixie cups
Kind of redneck Hollywood
Joplin meets Naomi Judd
Kind of redneck
