

Workin' Overtime

Lainey Wilson

Well, I've sure done a lot of fast livin' out on the edge
And I swear it's a miracle I didn't ever end up dead
Must've been Mama on her knees prayin' by her bed
And believin' in all those words that are written in red

'Cause I been hangin' on a wing and a prayer and
Double daring, tempting fate and flying by
And I ain't sayin' that I'm worth savin'
But I think my angels are workin' overtime

I'ma do it my way kinda girl, hardheaded and strong
Bitin' every line, every word to my own song
Ended up on the right road even when I got it all wrong
But I sure as hell know I didn't get here on my own

'Cause I been hangin' on a wing and a prayer and
Double daring, tempting fate and flying by
And I ain't sayin' that I'm worth savin'
But I think my angels are workin' overtime

Maybe God in heaven's got a plan that I just can't see
Somebody up there's lookin' out for a sinner like me
If you ever have doubt, I'm all the proof you need
Of how truly amazing amazing grace can be

'Cause I been hangin' on a wing and a prayer and
Double daring, tempting fate and flying by
And I ain't sayin' that I'm worth savin'
But I think my angels are workin' overtime
I ain't sayin' that I'm worth savin'
But I think my angels are workin' overtime
Yeah, I think my angels are workin' overtime
