

DO IT

Lake Malawi

Another dead bird in my hand
They keep crashing into my window
Another day spent doing nothing at all
I'm sitting in the garden
Another cold hand I'm scared to touch
I need to face my demons
I watch my body from above
And rise above it all

If you wanna try just do it, do it
I know you got the key
Fall off the sides just do it, you will
Find your way to me
If there's a wall and you walk through it
If you can part the sea
If you wanna fly just do it, do it
You're gonna wake in the dream

Do it, do it
You're gonna wake in the dream
Do it, do it

Another dead bird in my hand
They keep crashing into my window
Another day spent doing nothing at all
It's lonely out [?]
Someone's filling up the bowl with green, green water
Are we just a number on the screen?

If you wanna try just do it, do it
I know you got the key
Fall off the sides just do it, you will
Find your way to me
If there's a wall and you walk through it
If you can part the sea
If you wanna fly just do it, do it
You're gonna wake in the dream

Do it, do it
You're gonna wake in the dream
Do it, do it
Do it, do it
You're gonna wake in the dream
Do it, do it

You know it all
Confused sometimes
If you believe
We're free
You're gonna wake in the dream

Do it, do it
You're gonna wake in the dream
Do it, do it

Something tells me, it's not real
Something tells me, do it up in the dream

Doesn't matter how bad you feel
Just remember, do it up in the dream
