

Supermodel Moves

Lake Malawi

This song is about you
The way you walk down the street
This song is about you
Can you feel that heat, feel that heat?

I just see your silhouette
'Cause you shine so bright
I don't wanna look away
From the blinding light, blinding light

Love, this is magic, magic, magic
Love, it's so magic, I could die

Kill me with your supermodel moves, supermodel moves, supermode
l
Supermodel moves, supermodel moves, supermodel
Supermodel moves, supermodel moves, you know how to
Supermodel moves, supermodel moves, supermodel

Supermodel moves, supermodel moves, supermodel
Supermodel moves, supermodel moves, supermodel
Supermodel moves, supermodel moves, you know how to
Supermodel moves, supermodel moves, supermodel

I wish you could take me
To an empty room
Black waving swazy
I'll burn for you, burn for you

Love, this is magic, magic, magic
Love, it's so magic, I could die

Kill me with your supermodel moves, supermodel moves, supermode
l
Supermodel moves, supermodel moves, supermodel
Supermodel moves, supermodel moves, you know how to
Supermodel moves, supermodel moves, supermodel

Supermodel moves, supermodel moves, supermodel
Supermodel moves, supermodel moves, supermodel
Supermodel moves, supermodel moves, you know how to
Supermodel moves, supermodel moves, supermodel
