

# Keep On Moving Straight Ahead

Lakeside

Keep on moving straight ahead  
Keep on moving straight ahead

If you light a fire you'd better believe  
That something's got to burn  
If in life you desire to take it higher  
Let that be your concern

You may not like the things  
You have to do  
Can't be weak  
Turn the other cheek  
Cause everything won't  
Always please you  
What is requires  
Take your own fire  
And turn it up a little higher

Keep on moving straight ahead  
Can't nothin' hold this body down  
Keep on moving straight ahead  
And it's because my will is  
Strong enough  
We're hangin' tough

A better tomorrow  
Can only stem from your efforts today  
You drop your sorrows  
Put it all together until you find a way  
Hey, the more you begin to get strong yeah  
Hey, like a good woman lasts a bit longer  
And if my way should turn out wrong  
Well, baby I'll just frown  
Then I'll turn around and then  
I'll get down

Keep on moving straight ahead  
Can't nothin' hold this body down  
No, no, no, no  
Keep on moving straight ahead  
And it's because my will is  
Strong enough  
We're hangin' tough

Keep on moving straight ahead  
Keep movin' right on yeah  
Keep on movin' straight ahead  
Keep on moving straight ahead  
Hey, it's because my will is  
Strong enough  
We're hangin' tough

Keep moving  
Keep moving  
Keep moving  
Keep moving

It ain't really nothin' to it  
Got to keep on doin' it

It ain't really nothin' to it  
Got to keep on doin' it

You can't depend on a four leaf clover  
Use your mind to get over  
To get past the ultimate test  
You've got to always do your best  
You can believe that's opportunity  
Knocking at the door for me  
Tryin' to get ahead  
Don't be no fool  
Stop sittin' around tryin' to be cool  
So jump on back Jack  
Don't hold me back  
Did you hear what I said?  
Got to keep on movin' straight ahead

Keep on moving straight ahead  
Keep movin' on  
Keep on moving straight ahead  
...
