

# Make It Right

Lakeside

Hmm ooh ooh...

Yeah, baby

Girl, just tell me that you'll stay, my baby  
If it's only for a day, my baby  
Then I'm sure that you would see how happy we could be  
I'm sorry for the pain I put you through  
I'm so lonely baby, without you

Let me give the love I feel inside  
So I (Got to) can make it (make it) right  
Let me give the love I feel inside  
So I (Got to) can make it (make it) right this time

If you give me one more chance, my baby  
And our lives will be romance my baby  
And by candlelight we'll dance  
Our lives will be enhanced  
You won't believe the happiness you'll feel  
If you let me show you my love is real

Let me give the love I feel inside  
So I (Got to) can make it (make it) right  
Let me give the love I feel inside  
So I (Got to) can make it (make it) right this time

Oh baby

(Got to make it right)  
(Got to make it right) I've got to make it better for you this time  
(Got to make it right)  
Pow pa pa pa pa  
Pow pa pa pa pa  
Pow pa pa pa pa pa

Let me give the love I feel inside  
So I (Got to) can make it (make it) right  
Let me give the love I feel inside  
So I (Got to) can make it (make it) right this time, baby  
Gotta make it right this time  
Oh oh, baby  
(Got to make it right)  
(Got to make it right) Got to make it better for you this time

Pow pa pa pa pa  
Pow pa pa pa pa
