

Pull My Strings

Lakeside

I ain't got no bell to ring
Girl, you got to pull my string

You got to pull my strings, girl
(Pull my strings)
You got to pull my strings
You got to pull my strings, girl
(Pull my strings)
You got to pull my strings

If you really wanna see me do my thing
Let me tell you, girl, you got to pull my string
In the mornin'
(Pull, pull)
In the evenin', all night long
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, baby
I'm a puppet just for you
You can pull here, pull there
Doesn't really matter where
I'm just forced to go, now listen
I didn't want no strings attached, now I take it back
'Cause behind every strong man
There's a woman just as strong
And girl, you keep me hangin' on

I ain't got no bell to ring
Girl, you got to pull my string

You got to pull my strings, girl
(Pull my strings)
You got to pull my strings
You got to pull my strings, girl
(Pull my strings)
You got to pull my strings

If you like my love like I know you should
Would you do this for me, honey, if you could
Stay with me
(Pull, pull)
If I ever need your touch?
Love me, love me, love me, love me sugar
I need lovin' like you do
'Cause I love you, need you
Want you to love me too
Hope I'm in good hands, now, listen
If you never let me down, I'll hang around
I guess I have to, baby, 'cause you got me
Holdin' on to your sweet lovin' and

I ain't got no bell to ring
Girl, you got to pull my string

You got to pull my strings, girl
(Pull my strings)
You got to pull my strings
You got to pull my strings, girl

(Pull my strings)
You got to pull my strings

In the mornin'
You got to pull my strings, girl
(Pull my strings)
You got to pull my strings
(In the evenin')
You got to pull my strings, girl
