

Still Feeling Good

Lakeside

We were two lovers never ever seeing each other
But somehow we knew we were gonna be
Falling so deep in love despite the things that we had heard
Our love like cast in so suddenly, yeah

So I'm still waiting, baby anticipating
Waiting to see if love could fade away
But I love you more each day no matter what my friends will say
I've proved them wrong 'cos all of it is gonna stay

Still feeling good, still feeling good
(Oh yea, baby, I'm feeling good)
Still feeling good, still feeling good
Baby, I'm not gonna let them bring me down (Not gonna let them bring me down
)
'Cause I've got my feet on solid ground (oh aah)

We are much older, I thought it would all be over
But through the years it seems we're holding on, baby
You're all I ever need, all the years you've given me
I want you, girl, that didn't know, baby

So if you really love me, always thinkin' of me
I hope you say you'll be forever mine, baby
I'll guarantee good love the kind you always dreamin' of
The kind of love that lasts through all time
Oh baby, all time

Still feeling good, still feeling good
(Oh yea, baby, I'm feeling good)
Still feeling good, still feeling good
Baby, I'm not gonna let them bring me down (Not gonna let them bring me down
)
'Cause I've got my feet on solid ground (oh oh)
(Baby, I'm feeling good)
Still feeling good, still feeling good
(Oh yea, baby, I'm feeling good)
Still feeling good, still feeling good
Baby, I'm not gonna let them bring me down (Not gonna let them bring me down
)
'Cause I've got my feet on solid ground (oh oh, baby)

So when they ask me about my love life
I tell them that it's going strong baby yeah
You think by now that they would realise
That this special kind of love we had it goes on and on
Oh yeah

Baby, I'm feeling good...
Still feeling good, still feeling good
(Oh yea, baby, I'm feeling good)
Still feeling good, still feeling good
Baby, I'm not gonna let them bring me down (Not gonna let them bring me down
)
'Cause I've got my feet on solid ground
