

# Before I Die

Lakeview

Before I die  
Before I die

Get a forty-acre lot in the country  
Couple kids with a girl that loves me  
Go to bed, ain't worried 'bout money  
Yeah you know that

Picture perfect kinda life you only see in movies  
It's all flying by and I ain't even moving  
Yeah I'm running outta gas, ain't no sand in that glass  
All these Goodyears just stuck in the mud

Because I'm running outta time  
My world keeps spinning, that clock won't stop  
Losing track of the miles  
Keep thinking that I ain't got enough  
Days and nights just turn right into years  
It seems like all them dreams just disappear  
Then God, if you don't mind  
Would it be such a crime for a little more time?

Before I die  
Before I die

Thirty thousand fans screaming out my name and  
Every station playing every song I sing and  
Got a plaque in the Country Hall of Fame but  
Maybe I'm too late  
Damn I already knew that

I can't get back, the only thing that I've been losing  
That I've been losing

'Cause I'm running outta time  
My world keeps spinning, that clock won't stop  
Losing track of the miles  
Keep thinking that I ain't got enough  
Days and nights just turn right into years  
It seems like all them dreams just disappear  
Then God, if you don't mind  
Would it be such a crime for a little more time?

Before I die  
Before I die

Oh, before I go  
Oh, yeah  
When I see my life flash before my eyes  
Pray that I'm satisfied

Because I'm running outta time  
My world keeps spinning, that clock won't stop  
Losing track of the miles  
Keep thinking that I ain't got enough  
Days and nights just turn right into years  
It seems like all them dreams just disappear

Then God, if you don't mind  
Would it be such a crime for a little more time?

Before I die  
Before I die
