

Do It All Again

Lakeview

Heaven knows, I got some head to raise
Man I know, I got some bills to pay
Why's it feel so good just cuttin' it off
On a dance floor drunk, hm yeah
Mama said you gotta get it straight
But I can walk a straight line after number eight
I know how to do it like there ain't nothing to it
So let's just do this

It starts with that downtown, burn it down
Throw that off, Friday night
Somehow three doors down, we got in [?]
Told the cover band to play a 90s jam
Just to make them girls dance
Hop in the truck, boys in the back
A pretty thing is by my side
Late night street sign
Poppin' with the forty-five
Sunday morning I'll be praying for my sins
But Lord knows that I know
I do it all again
I do it all again
Do it all again
Oh damn

Wake up, damn I'm still alive
Truck's parked in the yard on the neighbor's side
Shot of Jack and a bounce back beer's got me feeling right
Yes so tonight

It starts with that downtown, burn it down
Throw that off, Friday night
Somehow three doors down, we got in [?]
Told the cover band to play a 90s jam
Just to make them girls dance
Hop in the truck, boys in the back
A pretty thing is by my side
Late night street sign
Poppin' with the forty-five
Sunday morning I'll be praying for my sins
But Lord knows that I know
I do it all again
I do it all again
I do it all again

It starts with that downtown
Somehow three doors down, mh yeah
Told the cover band to play a 90s jam
Just to make them girls dance
Hop in the truck, boys in the back
A pretty thing is by my side
Late night street sign
Poppin' with the forty-five
Sunday morning I'll be praying for my sins
But Lord knows that I know
I do it all again
I do it all again

I do it all again
Oh yeah
I do it all again
