

# Neon Nightmare

Lakeview

I could tell by the way you were shooting shots  
You love the taste of a country boy's broken heart  
The way you're sitting all alone at the end of the bar  
And it just wasn't that hard to figure out who you are

I better leave, yeah  
You're something that I've seen before, this ain't a dream, yeah  
This ain't a dream, yeah

You're a neon nightmare  
That little devil in them Levi's and blonde hair  
And I know you ain't no good for me  
You walk around here like you're just too hot to handle  
I hate to break it to you, baby, but you're just another neon nightmare  
You're just a neon nightmare (And I know you ain't good for me)

Neon nightmare

I bet you came in here just to wreck my night, don't even try  
Go catch a buzz with a different guy  
Who will just believe you, buy every word you sell  
Bend at the knee for every lie you tell

You're a neon nightmare  
That little devil in them Levi's and blonde hair  
And I know you ain't no good for me  
You walk around here like you're just too hot to handle  
I hate to break it to you, baby, but you're just another neon nightmare  
You're just a neon nightmare (And I know you ain't no good for me)

I better leave, yeah
