

Poor Me

Lakeview

I got the check in the bank account
The weekend's finally rolled around
Drop a line to my party crowd
Gettin' over it, gettin' over this
Working just to make a buck
I swear I never have enough
But we show up, and we show out
And now we're 'bout to get loud

Take one down, pass it around
'Cause damn we need another round
Drinks on ice and the Friday night lights
The boys and me we shut it down
We say hey yeah, living like we're small town famous
Out here we just take one down, pass it around
Oh poor me, pour me up another round

A couple down we're feeling fine
Check the clock, yeah it's Miller time
Oh the good ol' boys are back in town
When we take it out, we burn it down

Take one down, pass it around
'Cause damn we need another round
Drinks on ice and the Friday night lights
The boys and me we shut it down
We say hey yeah, living like we're small town famous
Out here we just take one down, pass it around
Oh poor me, pour me up another round

We say hey yeah
Living like we're small town famous
'Round here we say hey yeah
Living like we're small town famous

Take one down, pass it around
'Cause damn we need another round
Drinks on ice and the Friday night lights
The boys and me we shut it down
We say hey yeah, living like we're small town famous
Around here we just take one down, pass it around
Oh poor me, pour me up another round
Pour me up another round
Pour me up another round
