

Rock Bottom

Lakeview

I'll be down here, still rockin' at the bottom

Sunday, 2 PM, wakin' up late again
Rolled over to a note layin' right next to my head
Yeah, I bet I know what it says
Oh, bet it says
Go get a real job, yeah, 'cause your band sucks
Don't be callin' me up tryna get me back in this bed
Losin' me will be your biggest regret, P.S
Have fun 'cause I'm done bein' stuck at rock bottom

Up there, girl, guess you couldn't see
Down here, the grass lookin' mighty green
All of my tendencies, I still got 'em
I ain't gonna fix what ain't even a problem
You think you're the one that got away
But I've got a prime piece of real estate
Down here, yeah, I ain't never stoppin'
Middle finger up, still rockin' at the bottom

Rockin' at the bottom
Rockin' at the bottom

You want a high rise, big city skyline
Million dollar lifestyle, girl, that just ain't me
I'm a low life, yeah, I know right
And that's how I'm always gonna be, yeah

Up there, girl, guess you couldn't see
Down here, the grass lookin' mighty green
All of my tendencies, I still got 'em
I ain't gonna fix what ain't even a problem
You think you're the one that got away
But I've got a prime piece of real estate
Down here, yeah, I ain't never stoppin'
Middle finger up, still rockin' at the bottom

Rockin' at the bottom
I'll be down here, still rockin' at the bottom

Rockin' at the bottom
I'll be down here, still rockin' at the bo-

Drive those nails down deep in my coffin
Carve my name into that rock bottom

Up there, girl, guess you couldn't see
Down here, the grass lookin' mighty green
All of my tendencies, I still got 'em
I ain't gonna fix what ain't even a problem
You think you're the one that got away
But I've got a prime piece of real estate
Down here, yeah, I ain't never stoppin'
Middle finger up, still rockin' at the bottom

Rockin' at the bottom
Rockin' at the bottom

Rockin' at the bottom

I'll be down here, still rockin' at the bottom
