

Wrong Side Of The Track

Lakeview

How'd you end up on the wrong side of the track?
Every station that comes on just brings you back

I can't go anywhere now
My truck might as well be broke down
Ain't ever gonna catch me out
Every time this song comes on
I scream and yell and I punch the dash
It strikes your memory like a match
Never thought anyone could ruin a song for me

How'd you end up on the wrong side of the track
Every station that comes on just brings you back

I've been going off the rails since the day you left
At the end of every song, that's where I find you at
How'd you end up on the wrong side of the track?
How'd you end up on the wrong side of the track?

You haunt me in every damn lie
Every word on repeat in my mind
Thought it was about you and I
Drunk alone this song comes on

The chorus hits like another round
The melody it just drags me down
Never thought anyone could ruin a song for me

How'd you end up on the wrong side of the track
Every station that comes on just brings you back

I've been going off the rails since the day you left
At the end of every song, that's where I find you at
How'd you end up on the wrong side of the track
How'd you end up on the wrong side of the track

That song don't mean what it used to mean
Yeah, it used to be about you and me
Could've been number one, now we're history, yeah we're history

How'd you end up on the wrong side of the track?
Every station that comes on just brings you back

I've been going off the rails since the day you left
At the end of every song ,that's where I find you at

How'd you end up on the wrong side of the track?
Every station that comes on just brings you back

I've been going off the rails since the day you left
At the end of every song, that's where I find you at
How'd you end up on the wrong side of the track
How'd you end up on the wrong side of the track
