

## Baby Don't Cry

Lalah Hathaway

Oh boy, what you tryna do to me  
Come and knock me off my feet  
Uhh, with one touch your love  
Makes my soul complete  
Its like I'm raising from defeat  
When you whisper softly

Baby baby, don't cry (its better to dry your eyes)  
Baby baby, just fly away with me  
Baby baby, don't cry (its better to dry your eyes)  
Baby baby, just fly away

Hey love, you can always count on me  
So you'll never set me free  
Holding on to us  
Cause what we have us oh so rare  
Only feelings can compare when you hold me gently and say

Baby baby, don't cry (its better to dry your eyes)  
Baby baby, just fly away with me...
