

Stay Home Tonight

Lalah Hathaway

Stay home tonight
Stay home tonight

It's been a while since we spent some time together
I've been missing you
I feel that you have been neglecting me
And I'm lonely
I'm needing some attention, baby

(Tonight's our night)
I'll take no exceptions
(Feeling's right)
I just thought I'd mention
You'd better cancel your plans
Your time's mine

(Stay home tonight)
I'm into romancing
I'm into some dancing
I'm into some candlelight
(Stay home tonight)
I'm needing your loving
I'm needing your touching
I need you to stay tonight

So close the door and turn out the lights
Just you and I
Hold me in your arms
Say you love me, baby, let it show
Let it last forever
Never let me go

(Tonight's our night)
I'll take no exceptions
(Feeling's right)
I just thought I'd mention
You'd better cancel your plans
Your time's mine

(Stay home tonight)
I'm into romancing
I'm into some dancing
I'm into some candlelight
(Stay home tonight)
I'm needing your loving
I'm needing your touching
I need you to stay tonight

(Stay home tonight)
I'm into romancing
I'm into some dancing
I'm into some candlelight
(Stay home tonight)
I'm needing your loving
I'm needing your touching
I need you to stay tonight

Come on and dance with me, baby
Come on romance with me, baby
Yeah, yeah, yeah, yeah
(Romancing, dancing)
Stay home tonight
Tonight
I'm needing your hugging
I'm needing your touching
Stay home tonight
Come on, come on and dance with me, baby
Come on romance with me, baby

Yeah, yeah, yeah, yeah, yeah

Bring your love on home to me
