Laleh

Morning is breaking up  
We've been waiting long  
For the light to come, ey  
It used to be one of us  
Now it's all of us  
And this world I'm waking up to

I know we're not there yet  
We're not starting off great  
But I'm doing better  
I feel something changing again

I cry to the ocean  
It said, you are better than that  
You got excuses but they're all in the past  
I cried to the river just to deal with the pain  
But the world owes you nothing

You gotta change  
Change  
Change  
Change  
We're changing  
Change  
Change  
Change

And all that I was is not  
What I am right now  
Not even halfway there  
Time to find out  
Sweet sea of ignorance  
We confuse ourselves  
With everything we got all around us

I know we're not there yet  
We're not starting off great  
But we're doing better  
I feel something changing again

I cry to the ocean  
It said, you are better than that  
You got excuses but they're all in the past  
I cried to the river just to deal with the pain  
But the world owes you nothing

You gotta change  
Change  
Change  
We're changing  
Change  
Change  
Change

I cry to the ocean  
It said, you are better than that  
You got excuses but they're all in the past

I cried to the river just to deal with the pain  
But the world owes you nothing

You gotta change  
Change  
Change  
We're changing  
Change  
Change  
Change

I feel something changing

Change  
Change  
We're changing  
Change  
Change
