Coffee

Laleh

La, la-la-la-la, la-la-la-la, la
La, la-la-la-la, la-la-la-la, la

There's nothing you won't conquer with some coffee, my dear
You can find me in your corner riding shotgun, my dear

Don't get any tears on your paper planes
Dust off your halo for tomorrow, my dear
La, la-la-la-la, la-la-la-la, la
La, la-la-la-la, la-la-la-la, la

Dance on the table if you want to, my dear
Remember there is magic in those footsteps, my dear

Don't get any tears on your paper planes
So godspeed starts with gratitude 'til the morning, my dear
La, la-la-la-la, la-la-la-la, la
(Mmh)
La, la-la-la-la, la-la-la-la, la
(Na-na-na-na-na)

Run for the mountain
Aim for the wind
Follow the river
But always come home

Don't get any tears on your paper planes
Godspeed starts with gratitude 'til the morning, my dear
La-la-la-la, la-la-la-la
La-la-la-la-la, la-la-la-la
