

Knock Knock

Laleh

knock kno-knock, knock kno-knock
knock kno-knock, knock kno-knock

I don't know what you want
but bet that you will get it
hope your wish is good for you

take your time, baby
no work without play
don't have to be nobody's fool

knock kno-knock, knock kno-knock
knock on a door
cause you get, cause you get
what you look for

knock kno-knock, knock kno-knock
knock on a door
some will say, some will say
some will say stop

and whaaaaaat?
what do you want, what do you want?
what are you made of?
some will say
and whaaaaaat?
what do you want, what do you want?
where did you come from?
you just tell 'em

I do what I want, I do what I like
they say there's a way to do things right
was told I was wrong but I turned out fine
I do what I want, I do what I like

I do what I want, I do what I like
they say there's a way to do things right
was told I was wrong but I turned out fine
I do what I want, I do what I like

knock kno-knock, knock kno-knock
knock kno-knock, knock kno-knock
knock kno-knock, knock kno-knock
knock kno-knock, knock kno-knock

and everybody wants what everybody has
but everything got a shadow and a tag
we gonna take it light like a feather
don't buy into it

knock kno-knock, knock kno-knock
knock on a door
cause you get, cause you get
what you look for

knock kno-knock, knock kno-knock
knock on a door

some will say, some will say
some will say stop

and whaaaaaat?
what do you want, what do you want?
what are you made of?
some will say
and whaaaaaat?
what do you want, what do you want?
where did you come from?
you just tell 'em

I do what I want, I do what I like
they say there's a way to do things right
was told I was wrong but I turned out fine
I do what I want, I do what I like

I do what I want, I do what I like
they say there's a way to do things right
was told I was wrong but I turned out fine
I do what I want, I do what I like

it's easy to forget that the world is ours
and not just the men in suits'
and their wrestling shoes
what do you want? what do you want?
breaking the glass ceiling
knock kno-knock, knock kno-knock

I do what I want, I do what I like
they say there's a way to do things right
was told I was wrong but I turned out fine
I do what I want, I do what I like

I do what I want, I do what I like
they say there's a way to do things right
was told I was wrong but I turned out fine
and now I do what I want, I do what I like

knock kno-knock, knock kno-knock
knock kno-knock, knock kno-knock
I do what I like
knock kno-knock, knock kno-knock
knock kno-knock, knock kno-knock

knock kno-knock, knock kno-knock
knock kno-knock, knock kno-knock
