Lost And Found

Laleh

Gotta love this field and the cherry sky
Under blossom clouds though it's late July
You don't even try still you look so cool
Like a cover boy when you like the moon
Near the countryside but I just forgot
All the things that matter I forget a lot
I get so caught up in the city cloud
But this place is still my first love
Is there anybody out there waiting for me on my way?
If that somebody is you, then baby, I just wanna say
Tonight, nothing will bring us down
Tonight, we're at the lost and found
Guess I need to run, take me to the bus
But don't let me go, no don't let me on
Gotta hold me tight, won't put up a fight
Of course I'll stay, I'll stay the night
Is there anybody out there waiting for me on my way?
If that somebody is you, then baby, I just wanna say
Tonight, nothing will bring us down
Tonight, we're at the lost and found
We're at the lost and found (We're at the lost and found)
Is there anybody out there waiting for me on my way?
If that somebody is you I just wanna say
Tonight, nothing will bring us down
Tonight, we're at the lost and found
We're at the lost and found
We're at the lost and found
