

Make Me Smile

Laleh

Don't have a lot to carry
Don't have a lot on me
Don't know about tomorrow
But today I own the beats
I only want friends that got my back
Only want heart to heart
I know how to play it how you like
But I don't wanna fake it 'til I make it
No, we don't get caught up
We don't give part of
This world is messed up
Keep selling it
But I get all my kicks from love
I got all that I need
You don't have to flex that much
And you don't have to flex for me
I get all my kicks from love, love, love, love
I got all that I like, like, like, like
You don't have to flex that much
You just gotta make me smile
Make me smile
Woah-oh-oh-oh, oh-oh-oh-oh
Make me smile
Woah-oh-oh-oh, oh-oh-oh-oh
Don't have a lot to carry
Don't have a lot on me (Don't have a lot on me)
I don't need...
