

Safe

Laleh

I remember the rush
We were running backyard to yard
Wasn't scared of going too far
Staying out 'til it's too dark
I remember the rush
We were running backyard to yard
Wasn't scared of going too far
Staying out 'til it's too dark
Whoa, now daylight don't make it right
And you would really know this
Closed hearts make closed minds
And I won't tell you it's all butterflies and roses
We're not back in time
When we were safe
Back then when we were safe
When we were ah-aha-aha-aha-aha safe
I don't remember it all
But I know that I was invincible
Like the heroes in the cartoons
Saving lives through my living room
I don't remember it all
But I know that I was invincible
Like the heroes in the cartoons
Saving lives through my living room
Whoa, now daylight won't make it right
And you would really know this
Closed hearts make closed minds
Closed hearts make closed minds
And I won't tell you it's all butterflies and roses
We're not back in time
Back then when we were safe
Back then we were ah-aha-aha-aha-aha safe
Ah-aha-aha-aha-aha safe
There's not much comfort in this place
Ah-aha, aha-aha, keep you safe
When you can't fight the bitter taste
Ah-aha, aha-aha, keep you safe
I know that I'm a fighter
Yeah, I've always been a fighter
But I tried to play with fire, but I got burned
Don't know how to help this
Yeah, I'm feeling kind of helpless
Yeah, maybe it's too selfish if it don't wanna hurt
Back then when we were safe
Back then when we were safe
Back then when we were safe
Ah-ah-ah, there's not much comfort in this place
And you would really know this
I keep you safe
Closed hearts make closed minds
When you can't fight the bitter taste
I, I keep you safe
Closed hearts make closed minds
Safe (Safe, safe), safe
