

## Antena Trash

Lali Puna

Do you know what you  
came here for, look  
in the mirror you can't  
see what's on your mind  
Won't you talk about  
what happened to your head  
The things that passing by  
you can't make them stay  
You're losing direction  
Your aim you can't remember  
But you don't care
