Eat me,
Drink me,
Eat me,
Drink me,

Cause all things will change
Cause all things must change
Cause all things will change
Cause all things must change

How could we...
How could we...
How could we ever do?
How could we ever do?
How could we ever do?
How could we ever do?

Cause all things will change
Cause all things must change
Cause all things will change
Cause all things must change

How could we...
How could we...

Ever do...
Ever do...
