

Phosphorous

Lamb

So much to say, I'm lost for words
So much to say, I'm lost for words
Can a whisper still be heard?
Can a whisper still be heard?

One taste
One touch
Sparks fly
In flux
Ohh Phosphorous
One word
One flame
One life
Unframed
Ohh Phosphorous
Phosphorous

Before your eyes I disappear
Before your eyes I disappear
From far away I hold you near
From far away I hold you near

One taste
One touch
Sparks fly
In flux
Ohh Phosphorous
One word
One flame
One life
Unframed
Ohh Phosphorous
Phosphorous
