

The Silence in Between

Lamb

Can you hear the silence in-between?
Can you feel the love that's always been
Listen it sings in everything
Can you hear the silence in-between?

Speaking with no sound
Treading on no ground
Love like an ocean
Resting in motion

Can you hear the silence in-between?
Can you feel the love that's always been
Listen it sings in everything
Can you hear the silence in-between?

Touching in no time
Seeing with no sign
Light bursts in waking
Dream forms in making

Can you hear the silence in-between?
Can you feel the love that's always been
Listen it sings in everything
Can you hear the silence in-between?
